

# **DO YOU HAVE LAND YOU WISH TO BE CONSIDERED FOR HOUSING OR EMPLOYMENT USE?**

We are inviting those who own land within the villages to come forward if they believe there is the potential for housing or commercial development on their land. This 'Call for Sites' is the beginning of a process that we hope may enable us to make provision for plots of land, large or small, for housing in our Neighbourhood Plan. Please note that submitting details of a particular site is not a guarantee that the Parish Council will support that site for development since all sites submitted will be subject to our assessment protocol.

We would welcome any applications. Please provide your contact details so we can send you an application form.
