

Boxgrove Neighbourhood Plan

Call for sites - Availability of Potential Sites Form

The purpose of this form is to invite you to submit new sites that you, or your client(s), believe may be suitable for residential development, and which you anticipate could be brought forward prior to 2029.

All submissions must be accompanied by a map. This map should be of an appropriate and recognisable scale (no larger than 1:10,000) showing the site boundary in red. The map should show the immediate context of the site showing adjacent uses and roads (with names), as well as a scale and north arrow. Failure to provide a map may delay the consideration of your site.

Please :-

- complete a separate form for each site or different scales of development of the same site;
- give your name and address for your comments to be considered;
- return your form on or before 30th September 2015.

All documents should be sent by email to: boxgrovenp@gmail.com

If the Call for Sites identifies land as having potential, it will not imply that the land will be allocated for development. We will be assessing the constraints and deciding whether sites should be developed as part of work on the Neighbourhood Plan.
